

International Participation

Report by: PID Allan Hunt, Chairperson

Date Report Sent: May 19, 2024

Essentially there is nothing new to report on. All of this year's Conventions have been completed other than the MD19 Annual.

Incoming DGs once they have a date and location for their Convention confirmed, please reach out to me with the name(s) of whom they would like to have as their International Guest. I have already heard from one.

With respect to International Awards, we will be asking for those nominations to be submitted by the end of September. Again, incoming DGs please pay attention to this time schedule and make sure that you submit qualified candidates.

The USA Canada Forum is coming up in Louisville Kentucky Sept 5-7, this is a great please to be if you cannot attend an International Convention.

Respectfully submitted

PID Allan
