

Lions Foundation of Canada Dog Guides Report

Report by: Richard Simonson Director

Lions Foundation of Canada Dog Guides

Lions,

I have issued the approved information for Lions interested in becoming the next Director, to all the Clubs in BC for which I have email addresses curtesy of MD19 Office.

I have received 2 emails from Lions in BC with their intention of being interviewed for the Director's position.

That being said, the Council Chairperson and I need to meet online or phone to make arrangements for an interview committee. The committee's decision must be communicated to the Chair of the LFCDG Governance Committee by the end of April. This will allow the approved candidate to be invited to the June training meeting in Oakville, Ontario.

This position is open to all Lions in British Columbia meeting the approved requirements.

The Capital Campaign to raise 50 M+ for the construction of our new 80000+ sq. ft. facility is well underway. There is always need for support for Canada's largest Guide Dog training Foundation.
